S. C. R. No. 4, Providing for a complete investigation of the State University. (See page 60 of the Journal for the resolution in full).

Senator Dayton offered the following substitute for the resolution:

Substitute.

Whereas, There has been a notable controversy between certain State officials and the University of Texas, in progress for more than a year; and

Whereas, The faculty, management and alumni of the University in a written petition and memorial requested this Legislature to investigate the affairs of the said University and its management;

Whereas, There is existing among the people of the State the feeling that said investigation should be made; and

Whereas, It appears to be to the

best interest of the State, State government, University and its management and the people of Texas that a thorough, fair, complete and honest investigation be made of the University and its management—that the people of Texas may know the truth concerning the University and its management; therefore, be it

Resolved, By the Senate, the House concurring, that a committee of nine be appointed to investigate the University and its management and all charges made against them, five to be appointed by the House and members of the House and four to be appointed by the President of the Senate and members of the Senate, in a complete and thorough manner, fairly and impartially. And for securing the ends of this resolution and carrying out the same and making it effective, said committee shall be vested with power to subpoena witnesses, compel their attendance before the committee, punish for contempt and refusal to answer questions the same as the district courts of this State. Employ a stenographer to keep the proceedings of said committee; said stenographer before entering upon the discharge of his duties shall take an affidavit to fairly, impartially and correctly report testimony and acts and doings of the committee. The committee shall determine the compensation for said stenographer.

The committee or any member thereof shall have full power to administer oaths to all witnesses and other parties coming before said committee, and have full and complete control of all proceedings before said committee. It shall be the duty of this committee to fully and completely investigate the University and its management in every detail, deemed advisable by the committee. Seven members of this committee shall constitute a quorum to do business. Said committee shall report its findings with such recommendations, as it may deem advisable—to the next regular session of the Legislature.

The members of this committee shall be allowed five dollars per day for time actually spent in investigation, while Legislature is not in session. Witnesses shall receive same fees as they receive for attendance upon the district courts of this State, therefore, be it further

Resolved, That the sum of fifteen thousand dollars, or so much thereof as may be necessary, is hereby set aside to bear the expenses of this investigation, out of the contingent funds of this Legislature.

The substitute was read and referred to the Committee on Educational Affairs.

By Dayton et al. S. C. R. No. 3.

Whereas, The long continued

drouth in the western portion of the State during the past two years has imposed burdens so enormous upon the people that it is deemed wise that the payment of interest due and soon to become due to the school fund may be postponed to the advantage of the State, the school fund and the owners of the land; and

Whereas, The Commissioner of the General Land Office, has heretofore under similar conditions exercised a discretion in postponement of the payment of interest until conditions improved and it appearing that such postponement was for the best interest of all concerned; now therefore, be it

Resolved, By the Senate of the State of Texas, the House of Representatives concurring:

First. The Commissioner of the General Land Office is hereby authorized to use such discretion in the postponement of forfeitures of sales of school land for non-payment of interest as to his judgment may seem best, and especially is he authorized to defer forfeiting sales on which interest is due to November 1, 1915.

Second. It is the sense of the Senate and the House of Representatives that the discretion heretofore exercised by the Commissioner of the General Land Office in the matter of deferring forfeitures of the sales of school land for non-payment of interest on account of severe drouths in the school land territory was sound, wise and greatly to the interest of the State, the school fund and the owners of the land, and we hereby commend him for said acts.

The fact that there is grave doubt as to whether or not adequate provision has been made for the support and maintenance of the State University and its branches for the years metioned above, together with the fact that the date of the opening of the next session of the University is near at hand, creates an emergency and an imperative public necessity requiring the suspension of the constitutional rule requiring bills to be read on three several days, and that this Act take effect from its passage, and such rule is hereby suspended and it is hereby declared that this Act shall take effect from its passage, and it is so enacted.
